Student Name: _____ Student ID: _____

English Day – Mini-Debate: National Parks

Key Questions

1. What are the benefits of national parks?
2. What are the current issues of national parks?
3. Should we limit visitation to national parks?

Background Information

National parks are a great place to spend time outdoors and learn about the natural world. However, recently many national parks have become overcrowded, causing safety issues for tourists and damage for the plants and animals that live there. One potential solution that has been proposed is to limit visitation to parks. This activity provides students with an opportunity to critically think about this issue, craft an argument for or against limiting park visitation, and deliver it to their classmates.

Your Debate Arguments
